notes 3-27-92

(RUBBER NIPPLE (NICK VERSION 1 RETURNED FOR REVISION))

P. 13: The line, "show the idiot" doesn't sound right coming out of Stimpys mouth. Usually when he admits he's an idiot, he's proud of the fact. OK

P. 28: Third panel. What's the dialogue line here? NONE

P. 29: Middle Panel. Shouldn't it be, can't a horse start over? NO

P. 45: Middle panel. Change to "Honey are we short on rubber nipples?" NO

P. 45: Third panel. Change to "Don't you go buying new rubber nipples when you don't use the ones you have." NO

P. 48: Middle Panel. Change to: "I bet you thought rubber nipples were just to put in your mouth." NO

P. 52: The reveal of this upside-down gag is a little confusing. Is there a camera move we could use to make it play better? OK

P. 64-67: Standards and Practices rejected the "slipping off the chair" sequence. Let's discuss alternative gags. CHICKEN SHITS WILL

HILLBILLY REN (ADDITIONAL NOTES)

After much consideration and several boring meetings, the word from on high is this: No guns. None whatsoever. All guns in this episode have to be erased. I explained the context. I explained that you can't do a hillbilly parody without guns. I explained that nobody gets hurt. The answer was the same. No guns. OK
